GED Student of the Month!

Congratulations to Cassandra Littlecharley!

The ABE/GED Class would like to recognize our **GED Student of the Month for her steadfast efforts.**

Cassandra has offered up her story and eagerly agreed to allow it to be shared publicly in hopes that it will support and inspire others. She has chosen to become a strong advocate for adult learners in recovery.

My name is Cassandra Littlecharley, and I am from the Salt-River Pima Maricopa Indian Community. I am a recovering alcoholic and addict who has been in the A.A. Program for over a year and a half. For the first time since being clean and sober, I have decided it's time to take my education seriously and go back to school to finish my GED. I started working on it while in treatment, within my community at the Journey To Recovery (JTR).

I stayed for seven months while doing treatment and practicing for my GED during the pandemic. I finally graduated from treatment and felt deep in my heart that I needed to further my recovery, so I left my community and transitioned to a program in Peoria, AZ. There, I was allowed to continue my education in GED and still do my classes for treatment. I decided to do their one-year program while trying to accomplish this goal. I contacted my teacher, Erica Maria Litz, through email, and she has been a big supporter by helping me and giving me instructions for my assignments remotely.

So far, with persistence and determination, I have passed three subjects on the first try after doing a practice test. I forgot how smart I am. I let the drugs and alcohol lie to me for a long time, telling me I was never good enough. Since I've been in the program, my sobriety and higher power (God) have told me otherwise. This has helped me tremendously in wanting to achieve my goals and be a positive role model for my community. I support anyone in Recovery that has sought treatment, whether in or outside of the community, who are working toward finishing or furthering their education. All in all, I write this to support the flexibility of Salt River Remote GED instruction for supporting indigenous ways and healing processes that are woven into the recovery process and that also help the homeless.

Sincerely,
 Cassandra Littlecharley
