TEEN DATING AWARENESS MONTH

Discussion about Healthy Relationships

Tuesday, Feb. 18 | 6-7PM | SRHS Lecture Hall

Love is respect.

February is Teen Dating Awareness Month

Every February across the United States, teens and those who support them join together for a national effort to raise awareness to teen dating violence. Dating violence is more common than many people think. One in three teens in the U.S. will experience physical, sexual, or emotional abuse by someone they are in a relationship with before they become adults. And nearly half (43%) of college women report experiencing violent and abusive dating behaviors. By joining together every February, **we can spread awareness and stop dating abuse before it starts!** Learn more at <https://www.loveisrespect.org/teendvmonth/>.

Join our conversation with SRPMIC Health Educator **Vurlene Notsinneh-Bowekaty** to discuss teen dating and healthy relationships.

QUESTIONS TO FOR TEENS:

- What does a healthy relationship look like?
- What does a toxic relationship consist of?
- When is it all right to start dating?
